

Attention Members: Important Safety Advisory for Winter Conditions on the Course

As part of our ongoing efforts to ensure the safety and enjoyment of all players, we have instructed the Greens team to brush the surfaces of the winter tee boxes when snow, frost, or icy conditions are present. Please note that despite these measures, slippery areas may still exist, and we urge all members to exercise caution while on the course.

To provide flexibility, tee markers will be repositioned, allowing players the option to either play from the winter tee boxes or use their own winter mats at the side of the winter tee box for added safety.

We urge all members to remain vigilant and take extra care when navigating the course during these conditions. Please wear appropriate footwear to reduce the risk of slips and falls and avoid any areas that appear particularly icy or unsafe.

Thank you for your understanding and cooperation in keeping the course a safe environment for everyone.

Thank you,

Neil McLoughlin
Course Manager
