

Apps/Procedures at Deeside **Golf Club**

Club V1 / Howdidido

- All Members should download the new Howdidido App (2026).
- Use the e-mail address supplied to the Club.

Please take time to browse the new Howdidido App to help navigate & find further information about knockouts, documents, results, eclectics etc.

Scottish Golf

- Members should download the Scottish Golf App if they wish to analyse/review their handicaps &/or submit general play scores at other courses in Scotland.
- Please use your CDH number when creating/logging in to your account.

Deeside currently does not utilise Scottish Golf for any further functionality and would recommend not submitting general plays using this App at Deeside.

Lesson Booking

- Lessons can be booked via our website by visiting the Golf Lessons part of www.deesidegolfclub.com.
- Click the link to book lessons, see each Professionals availability, pick a date & time and complete all the relevant information.

Trackman Range

- Please download the Trackman Golf app & set up an account prior to arrival at the Club.
- Please scan the QR code on the Trackman screen to connect to your App. This will save all your relevant ball data (distances etc.).
- When practicing, please make sure you select the appropriate target, correct club & convert the balls to premium.
- When playing a course, please select the appropriate game settings & remember to pick the correct tees & enter your handicap index.
- You can now book bay 7 on the driving range via the book/tee time/change course function to Bay 7 – Driving Range.
